## EXPERIENCE

### Design director @ContrastUX

I managed and provided feedback to designers worldwide on various projects. Throughout my work, I had the opportunity to observe and be involved in a wide range of products and diverse needs.

### Senior product designer @Designrr

Designed AI-based features for users in the US and Australia, collaborating with UX researchers, analyzing user behavior, and driving continuous improvements.

### Senior product designer and design system specialist @esh

Redesigned an existing interface and built a design system for a cutting-edge banking app, focusing on a modern homepage aligned with market trends.

### Senior product designer and design system specialist @Torii

Close collaboration with product managers on a complex SaaS platform, focusing on designing graphs and advanced data visualizations.

### Lecturer & Mentor @6b Studio

A design system lecturer at Studio 6B and a mentor guiding students through their final projects in product design.

### Design system specialist @Elementor

Mapped and reconstructed design units into a comprehensive system to efficiently serve hundreds of designers, managers, and developers.

### Lecturer @Technion

I taught HTML, CSS, and WordPress. The work also included mentoring students as they prepared for their final projects.

### Front end developer @Sports events 365

Front-end developer for a startup company, working on multilingual web product.
